► Experience

Trevor is a senior consultant with Purdon Associates and is a corporate member of the Planning Institute of Australia. He has over 25 years experience in private practice and local government planning throughout country NSW, and in the ACT. During this time Trevor has worked on a vast range of projects and has continually pursued innovative planning solutions to strategic projects.

Trevor has prepared numerous planning research reports for areas facilitating major development as well as site specific analyses. These planning studies generally required an analysis of the natural environment, physical attributes, urban design, heritage significance, community facilities and land use conflicts.
